Rick, in response to your comments/questions:

- 1) Attached is the McCormack incoming that states she had trouble getting information from a few EPA employees. “ Sherada Hobgood Ombudsperson, Registration Division Office of Pesticide Programs...has provided no information. Nor has Anitha Peters. Nor have Margaret Hathaway, Meredith Laws, or Kevin Costello all from the EPA”. The Lawson incoming stated that they had issues with Sherada Hobgood. I think your apology sentence appropriate.
- 2) We (CSB and Billy in PRD) looked at the FL website for some additional language. 1,3-D isn’t specifically included in their table of RUP fumigants requiring additional certification/training. We replaced the previous sentence with a more general one as you’ll see in the redline and clean version attached.

Thanks,
Anne
